LEFT WEEKEND 13-15 MARCH 2015: FAITH AND PERSONALITY

*We're all unique and our personality affects every aspect of our lives,
including our spiritual journey. What's important to you?*

Freedom and flexibility

or

Order and structure

Tradition

or

Innovation

Worshipping community

or

Silence and solitude

Active service

or

Study and discussion

We'll be exploring some of these dimensions over the weekend with Revd Valerie Pearce and Sue Jackson. They will facilitate us through input, practical activities, reflection and discussion.

Valerie's journey through life has been rather labyrinthine and has involved teaching, child care, teaching children in care, retreat leading and accompanying people on their spiritual journey. She is also an Anglican priest. Valerie has found the insights of Myers Briggs a helpful tool and enjoys leading workshops with Sue.

Sue worked in education in the London area for nearly 40 years, both in the classroom and as a primary head teacher. She has worked with Valerie for more than 10 years using Myers Briggs and leading workshops aimed at enabling participants to understand themselves better.
